

BIO-SOL INC® Directions

No mixing or measuring!

Just flush one BIO-SOL INC® Septic Tank Tablet in a water-soluble bag down the toilet once per month. It's that easy!

For heavy use applications, use one tablet per week for the first month, then one per month thereafter. The tablets are in a water soluble bag that will dissolve in your toilet.

As a simple reminder, check off the appropriate box after using a packet.

Month 4 <input type="checkbox"/>	Month 5 <input type="checkbox"/>	Month 6 <input type="checkbox"/>
Month 7 <input type="checkbox"/>	Month 8 <input type="checkbox"/>	Month 9 <input type="checkbox"/>
Month 10 <input type="checkbox"/>	Month 11 Time to reorder <input type="checkbox"/>	Month 12 <input type="checkbox"/>

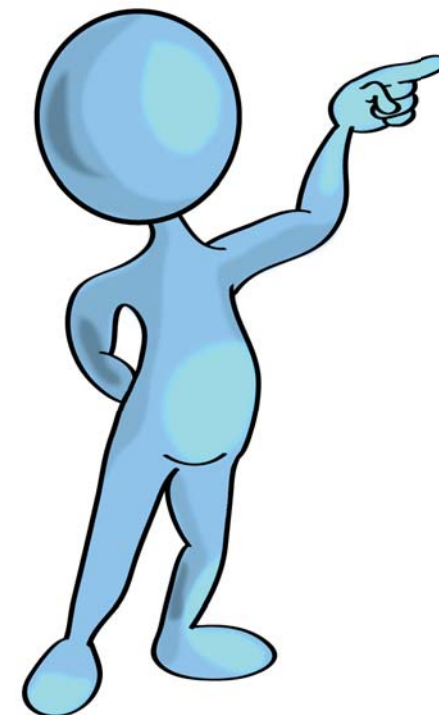

For Best Results

BIO-SOL INC® Septic Tank Tablets are designed to be a long term septic tank treatment. Since the bacteria are "living" organisms, use of products labeled as "Anti-Bacterial, Anti Septic, Disinfectant, Sanitizer, or Kills Germs" should be used sparingly or eliminated. Try using non-chlorine bleaches, cleaners, and dishwashing products.

BIO-SOL INC® Septic Tank Tablets will not dissolve any living tissue, so if slow drains are being caused by tree roots, other services will need to be utilized.

What BIO-SOL INC® Does

Many of today's most common household cleaning products contain anti-bacterial chemicals. These products are great for keeping a clean house, but wreaks havoc on the good bacteria that live inside your septic tank. Over time, septic systems build up sludge in the pipes and in the holding tanks. If the sludge is left untreated, it could lead to odors, back-ups and wet spots. This product contains micro-organisms to jump start the degradation process. The micro-nutrients and bio-stimulants create the perfect environment for the new and existing micro-organisms to thrive. With regular use of BIO-SOL INC® Septic Tank Tablets, your system will be able to function properly.

BIO-SOL INC® Benefits

Designed to:

- Enhance Existing Micro-organisms
- Eliminate Odors
- Eliminate Back-Ups
- Eliminate Sludge Build Up
- Eliminate Slow Drainage

Added Bonuses:

- No Messy Powder
- No Multiple Flushes

Safety:

BIO-SOL INC® Septic Tank Tablets are environmentally safe, non-toxic to humans and animals, and will not harm plumbing systems.

Unique Formula

BIO-SOL INC® Septic Tank Tablets were specially developed by a licensed Class 1 Waste Water Treatment Plant Operator and Industrial Engineer. This product is a unique blend of micro-nutrients, bio-stimulants, and micro-organisms in a tablet form. The micro-nutrients and bio-stimulants create the perfect environment for the new and existing micro-organisms to thrive.

Easy to Use

All you have to do is flush one tablet per month down your toilet! No messy powders. Since the tablets are packaged in containers of 12, it is only necessary to make one purchase per year.
